The Delphian Society.

The Delphian Society is fortunate in beginning dramatic work this fall under the direction of an instructor who has had a thorough training and a wide experience in coaching plays.

W. H. Siple, who has come to take charge of the work of this department, is a graduate of Harvard University and of the Empire Dramatic School in New York. During the year he intends to have the society give some of the best plays that have recently been produced in colleges and the larger Normal schools.

These plays will be given in closed meetings first, and the most successful ones will be given before the public. Included in the list are Yeats' "Land of Heart's Desire," "Master Patelin," and "Indian Summer." Johnson may be congratulated upon the opportunity of seeing not only some of the old classical plays, but some of the best modern French comedies and farces.

With the prospect of such plays to work upon, the society enters enthusiastically upon the year's work. The first performance, the last act of "Mid-Summer Night's Dream," was given last Tuesday evening with the following cast:—Pyramus, Miss Ghent Libby; Thisbe, Miss Helen Swift; Wall, Miss Marion Wilkins; Moonshine, Miss Violet Bussey; Presenter, Miss Lena Johnson; Prologue, Miss Nellie Perry; Lion, Miss Mabel Henderson.

CARD OF THANKS.—We thank our friends for their kindness rendered during the illness and death of our beloved husband and father. Also for the music and beautiful flowers.

Mrs. CELIA A. GROW.
MR. AND MRS. ARTHUR L. GROW.

High School Notes

The Pathfinders' annual trip was carried out last week attended, as it has been for the past two years, by a few mistakes and a few casualties. The athletic meet with Stowe was ruined by the rain of Saturday morning. Friday, however, was a very successful day. A pit for the field events was built at Lake Sterling, as well as a mile track for cross-country and relay races around the lake. The Johnson team, or some of them, did this up and down course, with its fallen trees and other obstacles, in eight minutes and sixteen seconds. The great failure of the trip was caused not so much by the rain as by the fact that the hurricane of a week ago made the trail from the Lake to Barnes' camp in Smugglers' Notch almost impassible.

The boys met Monday evening at Mr. Davis' rooms, studied the reasons for the bad success of this trip and found means for changing them. It was voted among other things, to never hold another meet of this sort in the mountains at this season of the year, but rather during the first week in September. The Pathfinders refuse to believe that with three years of hard experiences, they can not in another year conduct a trip that will be satisfactory in every way.

The High School has voted to support a hockey team this winter, and not attempt basket ball. Holmes Mobbs, '16, has been elected manager of hockey.

Johnson Lecture Course

The Lecture Course in Johnson this year has been engaged from the White Entertainment Bureau of Boston. The five entertainments, which are to be given under the auspices of the Normal School, have been arranged as follows:

On Nov. 17, The Brewer Musical Entertainers will open the course. Rarely do we find three such talented and versatile girls in one company. The three Brewer sisters will give a mixed program consisting of violin, trombone, clarinet, vocal, and piano solos, duets and trios, interspersed with suitable readings by Miss Ruth Brewer. The entertainment alone often brings 50c admission.

On Dec. 10, Marcellie, a talented magician and Yogi wonder worker, will appear and will charm as well as mystify by the deftness of his movements in ledger-main. Besides the ordinary tricks of magic, hypnotism and ventriloquism, Marcellie performs many East Indian tricks, including the "wonderful smoke stick," where he or six men grasp a stick and try to hold it to the floor, but despite their efforts the stick rises as Marcellie talks to it. Don't miss seeing Marcellie or you'll regret it.

On Feb. 5, Dr. G. W. Ray, a Fellow of the Royal Geographical Society of England, will give his world-famous lecture, "Through Five Republics on Horseback." Dr. Ray is known to Scientific men as the "Livingstone of South America."

Dr. Ray has perhaps a greater wealth of strange experiences than any other platform lecturer today, and he describes them to his audiences in a most agreeable manner. Mount Ray in Bolivia is named for him in honor of his work for the Bolivian Govt. His lecture is a rare treat and you can't afford to miss it. In it he shows many rare curios which add greatly to its interest.

Finally on March 3, 1916, Edward H. Frye, a monologue artist, who enjoys the reputation of having more return dates than any other monologue artist in the state of Vermont last year, will render, "David Harum," or some other equally good number. Those who have heard him are always "anxious to hear him again," for he is a winner every time.

Though the five companies announced above have been carefully selected and the excellence of the course is assured, the price for choice reserved seats for all five entertainments is but \$1.50.

Tickets are to be sold at \$1.25 and may be reserved in some parts of the house without extra charge, but 25c additional will be charged by Mr. Jones for reserving choice seats.
